Placement Procedure

Scholars Institute of Technology & Management (SITM) provides every student a prolonged training to achieve high success in campus placement. This will be imparted by senior professionals from various industries and organizations.

TRAINING MODULES

Module I

Communication skill development.

Module II

Training in aptitude development.

Module III

GD & PI with mock test sessions.

Module IV

Industry compatible advanced training.

SEMINAR INTERNSHIP

In every academic session SITM arranged summer training / internship for every pre-final year B.E. students in various organizations.

COUNSELING CELL

'A little effort of love and care can go a long way'- with this belief, this division is established under the guidance of expert counselors who work with the sole objective of smothering the process of learning and motivate the students to achieve their target and goal with free spirit.

“ The Training & Placement Cell of SITM, Guwahati has taken the responsibility to provide campus placement of all the engineering students in different disciplines.

The Training & Placement Cell formed with the support of higher authority of SITM administration with coordination and support of faculty and staff members for executing, scheduling the activities related to placement.

The team strives to strike a match between recruiter expectations and student aspirations. The team of students representatives consists of the Core Team who coordinate the activities of the other student members and ensure compliance with various Institute policies.

The Placement Cell is well-equipped with excellent infrastructure to support every stage of the placement process. ”
